

SCHOOL DISTRICT OF MAYVILLE

BOARD MEMBER ATTENDANCE AT MEETINGS AND CONVENTIONS

It is desirable for all Board of Education members to develop a broad overview of education in today's changing world. Members are encouraged to attend area meetings presented by CESA #6 and the State Department of Education, as well as state and national school board association meetings and conventions.

Two Board members may attend the National School Boards Association (NSBA) convention each year. Board members who desire to attend the convention must receive prior approval from the Board. If the Board should desire to have more than two members attend a particular national convention, action shall be taken at a regular monthly Board meeting by presentation of a formal motion. Preference shall be given to Board members who have not attended the national convention and by seniority. Board members may attend a national conference or convention once during their three-year term, but will not be eligible in the last year of their term.

Board members attending approved meetings, conferences or conventions shall have their necessary expenses paid in accordance with Board policy and established procedures.
