

SCHOOL DISTRICT OF MAYVILLE

420

SCHOOL ADMISSIONS

It shall be the responsibility of the parent/guardian of each student or a student of legal age entering the School District of Mayville to complete official registration forms prior to assignment by the principal to a grade or schedule of classes.

Students transferring from other school systems are required to provide a transcript of academic accomplishments at the previous school, or the address from which this data may be secured. Students entering the District from a home-based private educational program or private school shall be required to provide any available academic information and may be required to take appropriate academic tests to assist in making a placement.

The building principal shall have authority to determine the grade level at which a student shall be placed. The District Administrator or designee shall assign a student to a school.

Parents/guardians of students admitted to the District's elementary and secondary schools shall present immunization records as required by law. In addition, students are encouraged to have a complete physical examination prior to entering school.

The School District of Mayville shall not discriminate in admissions to any school, class, program or activity or facilities usage on the basis of sex, race, color, national origin, religion, ancestry, creed, pregnancy, parental or marital status, sexual orientation or physical, learning, emotional or mental disability or handicap. This does not, however, prohibit placing a student in a school, class, program or activity based on objective standards of individual performance or need. Discrimination complaints shall be processed in accordance with established procedures.

Nothing in this policy shall prevent the District from denying the admission of a student during the term of his/her expulsion from another school district.
