443.4

STUDENT ALCOHOL AND OTHER DRUG ABUSE

Students have a right to attend school in an environment that is free of the non-medical use of alcohol, drugs and other controlled substances.

Therefore, the use, possession, manufacture, sale or intent to sell or transfer alcohol or illegal drugs, or being under the influence of alcohol or illegal drugs in or on school property, in any District-owned or contracted vehicle or at any school-sponsored event is prohibited. The possession of drug paraphernalia is also prohibited.

Violation of this policy will lead to school disciplinary action, up to and including expulsion, and referral to law enforcement agencies for prosecution.

A student may be required to submit to a breath test to determine the presence of alcohol if a designated school official or law enforcement officer has reasonable suspicion that the student is under the influence of alcohol in violation of this policy. Such test shall be administered by (e.g., a law enforcement officer, trained school district employee) and shall meet state law requirements. A student may be disciplined for refusing to submit to such test.
