

## **SCHOOL DISTRICT OF MAYVILLE**

### **ADMINISTRATIVE DIRECTIVE 751**

#### **TRANSPORTATION OF CHILDREN FIVE YEARS OF AGE OR YOUNGER TO SUMMER SCHOOL**

The following transportation guidelines shall be in effect for summer school classes only, and are not to be construed as authorization for pre-school children to be transported at any other time:

1. Transportation will be provided for three and four-year-old children for swimming lessons and/or "Getting Ready for Kindergarten", only if a parent/guardian will accompany the child(ren). There may be no more than four children per parent/guardian. The child(ren) may not get on the bus without a parent/guardian. Only one stop per parent/guardian and children will be made. The parent/guardian must stay with the child(ren) throughout the morning in order to accompany the child(ren) on the trip home.
2. Transportation will be provided at the beginning and ending of each summer school day. Parents are responsible for students that are not scheduled during those times. Shuttle bus service will be provided between the Middle School and Parkview for swimming lessons. The district will not provide childcare services when students are not scheduled for instruction.
