

SCHOOL DISTRICT OF MAYVILLE

PUBLIC COMPLAINTS AND CONCERNS

The Board of Education recognizes the professional competence of the District’s teachers and administrators as a most important factor in the handling of citizen concerns. Therefore, the Board shall rely on teachers and administrators to deal promptly and impartially with citizen concerns or complaints. This policy is intended to strengthen a close working relationship between patrons and the schools in an attempt to provide the best possible educational program for each student. It is in the best interests of employees and citizens that a fair, orderly and timely process for handling concerns and complaints be available.

Board members shall be encouraged to refer persons making complaints about the schools to the appropriate administrator so that the complaints can be processed in accordance with established District procedures.
